WHY NOW?

Now, more than ever before, we have seen the level of need in our community increase. Layoffs, foreclosures and shrinking family budgets have brought your employees, neighbors, and friends to us for help. Add the Covid-19 pandemic to the mix. The United Way not only runs some great workplace campaigns, but has teamed with the Community Foundation to form a Covid –19 Relief Fund to help those who are struggling to make ends meet.

By combining the efforts of our health and human service agencies, programs, businesses and volunteers, we can accomplish more than any one of us could accomplish alone.

Join us as United Way fights for the health, education and financial stability of every person in every community.
